○ Subject: Issues Regarding Household Water Supply

Sir,

I am an avid reader of your esteemed newspaper, and through its columns, I would like to draw the attention of the concerned authorities regarding the household water supply in our community, which is unfit for drinking.

EXAMPLES

The contaminated water not only makes it unfit for drinking but also raises concerns about its impact on hygiene and sanitation. Numerous waterborne diseases can be brought on by dangerous bacteria, viruses, and parasites that are present in contaminated water. Residents may thus be compelled to spend money on water purification systems or bottled water as alternatives. This places an additional financial burden on households.

There is an urgent need to take certain steps to alleviate this issue. I hope that this letter draws the attention of the concerned authorities.

Yours truly
Somil/Soumya

Subject: Concern Regarding Heavy School Bag

Sir,

Through the columns of your esteemed newspaper, I would like to draw the kind attention of the concerned authorities to the problem of students carrying excessive weight in their school bags. This problem needs to be addressed since it can lead to extreme physical strain, causing back and neck pain for students.

EXAMPLES

As we can see throughout the years, the schools are introducing lots of books and materials as the syllabus advances. This results in an increase in the weight of the students' school bags. I continuously witness children carrying bags that are almost double their weight, and it might lead to serious injury in the future. Some students might commute via buses or other vehicles, but they still have to carry their bags to their homes from the stop.

There is an urgent need to take certain steps to alleviate this issue, like effective timetables or lockers in schools for extra books. I hope that this letter draws the attention of the concerned authorities.

Yours truly
Anu/Aniket
